Joe Connolly May Come with Other Braves for Game Oct. 16.

With Paseball Interest continuing to run high it has been decided by Frank Cordier and Manager Teddy Cassent of the Putnam team to stage one more content in Putnam, next Saturday, Oct. 15. 'Mr. Cordier has a communication from Smiling Joe Connolly of the Boston Braves in which the famous player states his willingness te come here on the date mentioned and brins an all star team to stack up against the Futnam organisation that has been piloted by Manager Cassent this season. Connolly says that members of the Braves, are willing to come here and will probably do so in the event that their request for proper compensation is compiled with. This doesn't mean the entire Boston National league team, but a number of players from the organization.

Last year, just after the Braves had won, the world serjes. Connolly came here and was given a big ovation, presented a silver loving cup and a purse of money. He hasn't forsotten the big time the town gayes him, so is anxious to do something to show how he feels towards the old town. Joe isn't looking for such for himself, but he has mande R clear that his teammates may be rather expensed upon to do it. Incidentally loc lost \$500 this week by failing by a mestre two points to hind in the 280 class of hitters. Had her done so he would have received a beaus above his regular salary of the maneture mentioned, this being his contract agreement with the management of the Braves.

am very pleased to report the condition of the order in Connecticut at this time to be excellent in every way, active and growing, despite the circumstances of severe business depression through which we have passed and the insettled condition of affairs which has been caused by the great wide world war which is now raging in Europe, Asia and Africa. We have in this state over 24,000 subordinate members and over 3,000 Rebekah members. The assets of the subordinate indges amount to over \$930,000 and the Rebekah lodges over \$42,000, or total assets in this state of about \$1,000,000, accumulated for the legimate trust purposes of our great brotherhood in Connecticut.
